

KulaTu Contributor guide

1. Post a review

Leave a rating, quick tags, and optional text for a spot you know.

Route: /review/[id]

Deep link: kulatu://spot/demo-spot

- Steps
- 1. Open a spot detail page.
- 2. Start the review flow.
- 3. Select a star rating.
- 4. Add quick tags that match the real experience.
- 5. Write optional text if extra context matters.
- 6. Post the review.
- Tips
- Keep the review specific and experience-based.
- Use reports, not reviews, for trust and safety issues.
- CTA
- Open a spot from the public guide and continue in-app: Open a spot

2. Add a new spot

Submit a new food spot with the correct area, category, price, and optional photo.

Route: /add

Deep link: kulatu://add

- Steps
- 1. Tap the floating **Add Spot** action.
- 2. Enter the spot name and choose the correct area.
- 3. Pick the main category.
- 4. Choose the price range honestly.
- 5. Add practical notes and an optional real photo.
- 6. Submit the spot and wait for verification.
- Tips
- Add the real local name people use on the street.
- Only upload real photos of the place or meal.
- CTA
- Open the add flow: Add a spot
